

MESSAGE FROM THE PRESIDENT

Vi Daley

Fall is a great time of the year with the spectacular color of the trees, football games, Chicago Marathon and, of course, Halloween.

The Marathon and Halloween bring the Triangle community together. It's great to see the neighborhood cheering on the runners, ringing of the bells, Elvis Presley impersonator singing his favorite songs, signs and banners encouraging friends to keep going.

Halloween is a great time as homes are decorated with pumpkins, ghosts, goblins, witches, spider webs and spooky lighting, families sitting on their front steps passing out candy, and maybe enjoying a glass of wine. Events like this are something that I look forward to.

I also should mention the Garage Sale we had August 24th. It was well organized and a beautiful day which certainly brought the community together as well as bringing others from outside the neighborhood to purchase un-needed treasures. Thanks goes out to Anne Giffels (Chairman of the Events Committee), Kim Penning, Karen Pfendler and Leslie Wolfe.

We live in a wonderful neighborhood and, for the most part, we feel safe but in our community, as well as any place in the City, we do have to be aware of our surroundings. Safety should always be on everyone's mind. There are a number of construction sites going on, beware of someone posing as a worker as he or she might just be stalking out the area. If you see someone who looks suspicious don't hesitate to call 911.

Reminder: Don't forget to put your address on your garage or alley fence. I have mentioned this often because it is so important. It is difficult for the police to locate your property from the alley if no address is posted. Address numbers can be purchased at any hardware store (Tipre Hardware at 229 W. North Ave.) or any Home Depot and are easy to install.

If you are interested in running for a Board position please let me know no later than November 1st by emailing me at info@oldtowntriangle.com. Being on the board gives you a great opportunity to learn more about your neighborhood as well giving back to the community. 🌸

Warmly, Vi Daley, OTTA President

IN THE FIRST PERSON | MAKING MY WAY TO OLD TOWN | By Deborah Chapman (OTTA since 2012)

Because of rescuing my dog, Rania, from Chicago Animal Care & Control (the City pound) I found my way to living nearer to the Old Town Triangle. That was 8 years ago when I was Director of Development for PAWS Chicago. Before moving to Larrabee Street, I was living in a vintage condominium building on N. Howe Street near Oz Park. I moved for two reasons: outdoor space for Rania and a garage for me. I found both at the perfect town home at 1632 N. Larrabee Street where I can hear the bells of St. Michael's Church. As dog owners know, it's so easy to meet people when you walk a dog. I soon discovered the early evening gathering of dog owners and their pooches at what I call "The Buddhist Temple Park." Mayari Pritzker, a PAWS Chicago supporter, introduced me to my new "doggie" neighbors in this park. There was a connection right away with my new neighborhood as my dog walks took me along the quaint, tree-lined streets of Old Town past charming homes and gardens. During every walk, even eight years later, there is always something new to see, learn and discover about our historic neighborhood.

Not long after my move, OTTA Director of Arts & Operations, Leslie Wolfe, invited Rania to come inside the Triangle Center for a treat. Now our walks are not complete without Rania getting a treat from the brown cabinet where she sits and waits

Rania and Deborah at the Triangle Center

(Continued on page 2)

to be served. I'm pretty sure it was my first visit to the Triangle office when Leslie asked me where I lived. When I told her I live outside the Triangle, she never hesitated before suggesting that I join the OTTA, to my surprise and delight. I didn't realize that residents who live outside the Triangle could join! I filled out the membership form on the spot and was quickly on my way to getting involved.

Since my dog walks take me through the neighborhood several times a day, my good friend and OTTA Newsletter Editor, Diane Fitzgerald, asked me to be the "Roving Photographer" for the newsletter. You might have seen me stopping to take photos of Triangle gardens, sculptures and front doors while making notes of the address? I also had the pleasure of taking photos at the Art Fair Volunteer Appreciation Party. Look to see if your photo is featured on our website. If I might say, there were some great photos of many of you, including our tireless barbecue chefs!

Through Rania, I've discovered what a joy it is to walk through the Triangle and see familiar faces – people as well as pooches – and meet-and-greet visitors who are either on bicycles or participating in a walking tour. I love everything our neighborhood has to offer: convenient and friendly businesses, the Green City Market, the bells chiming at St. Michael's, our Old Town Triangle Association and the programs and special events we offer and friendly neighbors who make big city living seem more like living in a small town. I'm so glad my adopted rescue dog brought me closer to all of you in the Triangle. Hope to see you soon on a dog walk! www.pawschicago.org and http://fcacc.org/fcacc_home/

(L) Rania relaxing at home on Larrabee

GRANTS SPOTLIGHT | LINCOLN PARK VILLAGE | Jane Curry with Diane Sokolofski (Triangle resident since 2006)

Lincoln Park Village opened in June 2009 and welcomed its first 80 members in the first month. Four years later, the Village has 362 members in 260 households throughout Chicago's north side, from River East to Edgewater and beyond. It began as a not-for-profit membership organization serving one community area and quickly expanded north and south, building a larger Village community. It creates new ways to thrive, contribute, and live well while living longer. Now, along with other Villages around the country, it is changing both the perception and the reality of aging well.

Research shows that over 90 per cent of older Americans not only say they plan to stay in their homes, but they do. We also know that communities need to prepare for the growing senior population -- those with and without ready resources. Currently, a full 19 per cent of Village members are supported by our Member-Plus program, which provides confidential financial assistance so that all neighbors, regardless of income, can join and integrate fully into Village life. The Village is working to increase that Member-Plus percentage.

Board President Ruth Ann Watkins, an Old Town resident explains, "I know how significant our Village is to members and to my own community. I also know how critical the Old Town Art Fair and the on-going grants from OTTA are to increasing our ability to bring in and serve even more fixed, moderate-income residents. We appreciate OTTA's thoughtfulness and understanding of what is a new and potentially neighborhood-changing concept." The great news is this year's OTTA grant is bringing in matching funds from the Retirement Research Foundation.

As one Village Member-Plus member describes the program benefits: "I've been an active part of my neighborhood since I moved here almost 50 years ago. This is where my life is. The lower member dues I pay is the difference between being able to join and not join. It allows me to have access to the services that help me stay in my home and help my community grow, rather than be marginalized, which so often happens to old folks, no matter what our incomes."

Old Town has been a resource for Lincoln Park Village leadership since the beginning. John Hobbs, pastor of the Church of the Three Crosses, was a founding board member; John Bross and Dirk Voss currently are board members. A number of Old Town residents are involved as members and volunteers. The Village is very cross-generational, and you don't need to be a member to volunteer!

Questions? Ideas? Interests? Check out the Village website (www.lincolnparkvillage.org) or call (773-248-8700).

Boat Guy Dan

Beth-Judy-Gary-Dan

Chicago Marathon Fun on Sedgwick Street

Meet Dan Barson. Car Guy. Dog Guy. Nice Neighbor Guy. A regular guy who moved to Chicago at the turn of the Century from Arlington, VA because of his current job with NADA (National Automobile Dealers Association), one of several automobile industry-related jobs he's held over the years.

Roll back the clock to 1977, the year Dan graduated from Ohio State University, and got his first job – with Ford Motor Company on the Customer Complaint Desk in hometown Cleveland, OH during the “Pinto Explosion Era”. You might recall that Pinto’s legacy was affected by media controversy and legal cases surrounding the safety of its gas tank design, a recall of the car in 1978, and a later study examining actual incident data that concluded the Pinto was as safe as, or safer than, other cars in its class. And who cared that the catalytic converters were added and made Pintos smell like eggs or that they had no computers then and all customer correspondence was by telephone or letter? Nice first job...which lasted 11 years! From Parts & Service Complaint Desk to Dealer Zone Manager, Dan was a Ford car guy through and through and loved his job!

Until he became an Isuzu car guy which caused him to move to Los Angeles for 4 years. As luck and fate would have it, Isuzu eventually scaled back in the early 1990s and offered buyouts. Dan took the offer and headed to ski country and Durango, CO where he spent 2-years helping a friend build a significant National Football League “adaptive sports” skiing program for people with disabilities. So, ski guy, too!

From car factories to tax & trade lobbyist during the Clinton years, Dan thrived on the fast-paced, lots-of-travel world of working.

When he moved to Chicago with Max, his only dog at the time, he bought a condominium in Wrigleyville – a newly constructed, 3-flat building – but found it lacked privacy and community. More luck and fate came Dan’s way when realtor Mike Frank accidentally called him one day and when Dan learned what the call was about, he said, “Find me a house!” Turns out, Mike found Dan his home at 1639 N. Sedgwick Street and they closed in March 2001. And now that house is on the market. Dan, Gary (Dan’s partner of 7 years), Max and Charlie (Max’s partner of 5 years) just closed on a duplex condo in the Harry Weese building at the southwest corner of Eugenie and N. North Park. “I just love it! I love our neighborhood!!” exclaims Dan. “The Triangle is so special. Our neighbors are like family. It truly is a strong-knit community in the heart of Chicago. We feel very lucky to be able to live here.”

Dan’s got it all – a great job, a loving partner and 2 great dogs, wonderful neighbors and a beautiful home. Funny enough, our Car Guy Dan doesn’t have a garage! No matter – he’s a car guy...not a garage guy!

Writer’s Note: Go back and read the iBOT Spotlight story in the July/August 2012 OTTA Newsletter about The UPS Store and their save-the-day-for-Dan story! You can find it at OTTA’s website. ✨

COMMITTEE NEWS | Karen Pfendler, Secretary & Committee Member

The Neighborhood Improvement Committee (NIC) will be planting between 28 - 30 new trees in early October. If you see The Care of Trees stumping, digging and planting a new tree in front of your property, we hope that you will work with our Committee to make sure these new trees get watered. Water bags will be provided for each of these new trees. Once they have been in the ground for a good 2 months they will begin to go into hibernation for the winter.

The second important piece of information for our neighbors is that NIC has undertaken a phased project to begin removing ash trees from our three parks. All of the trees are seriously infected with the emerald ash borer, and treatment for these trees is cost prohibitive. We will begin the removal process after the leaves have fallen off, probably early in November. We are scheduled to remove 3 trees from the South Ogden play lot, 2 trees from the North Ogden Park, and all 4 ash trees from the Wisconsin/Sedgwick Park. These were the recommendations made to NIC by The Care of Trees arborist Charlie Miller and Adam Schwerner who oversees the urban forest for the Chicago Park District. We plan to plant new ornamental trees in place of the trees that are to be removed. We are committed to improve the health and beauty of all of these parks. While these parks are under the jurisdiction of the Chicago Park District, OTTA is charged with the responsibility of overseeing the care of all 3 of them just as we are responsible for the care and management of the Wisconsin/Clark Triangle Park. ✨

Sandy Holobow

SANDRA HOLOWOW, long-time Lincoln Park resident, Triangle member and art student, has been chosen for a DCASE Grant (Department of Cultural Affairs and Special Events). The award, an Individual Artists Program Grant, is for her collage work which will be presented at various exhibits including a two-person exhibit at Koehnline Museum in Des Plaines, IL, in December and January. Sandy's work will also be exhibited in the **Caffeine VII Show** at the Triangle Art Gallery in October.

Have you visited the newest retail shop in the Triangle, **GREENHEART**, located at 1714 N. Wells Street (M-F 10am-7pm, Sat 10am-6pm, Sun 10am-5pm; 312-264-1625)? It's a wonderful store owned by Alexandria Pavel – an eco-fair trade non-profit shop featuring products made by artisans from around the world. Many of the items are eco-friendly. But that's only the beginning of understanding what this enterprise does. When you purchase these products, the ripple effect is back to the artists and you've participated in a social

initiative inspired by a movement that started in Spain in 2004. Make some time to stop by this fall...you won't be disappointed! Preview your visit by stopping by www.greenheartshop.com. Be sure to spend some time on the ABOUT US page!

Learn more about the **SHARED BICYCLE PROGRAM** in Chicago by visiting <http://divvybikes.com/>. Did you see the bike racks being installed outside of Treasure Island?

PEDIATRIC CONVENIENT CARE in Lincoln Park is Lurie Children's Outpatient Center which continues to offer Convenient Care for those unexpected, non-life-threatening injuries. Located at 2515 N. Clark Street, this center offers extended hours with same day appointments and walk-in service. Children are always seen by a pediatrician and the location also provides on-site x-ray service to ensure the child receives the most comprehensive treatment. Hours: Monday through Friday, 4:00 p.m. - 10:00 p.m.; Saturday and Sunday, Noon - 6:00 p.m. with indoor parking available. Call 312-227-8800 to schedule an appointment and for other details, visit: <https://www.luriechildrens.org/convenientcare>.

ST. MICHAEL IN OLD TOWN (www.st-mikes.org/), has several opportunities for the community to help those in need during the upcoming 2013 holiday season. Every year for Thanksgiving, we collect funds to purchase turkeys for families in-need. Last year we were able to aid 200 families. We hope to provide at least that many turkeys this year. Our Turkey Drive begins October 14th and concludes November 17th. Delivery will be on Saturday, November 23rd. We accept monetary donations, non-perishable food items, or gift cards to one of the local grocery stores for this drive. Please designate your gift as a donation to the Thanksgiving Food Drive.

Beginning in November we will also have our Annual Toy Drive. Tags with the names of children in-need will be on a board at the back of the Church. Remove a tag, purchase a \$25 gift for the child according to the suggestions on the tag and return the UNWRAPPED gift to the Parish Office, 1633 N Cleveland Avenue. Then on Saturday, December 7th there will be a festive toy-wrapping party in our Parish Center from 8:00 a.m. to 4:00 p.m. Everyone in the community is welcome to join in.

Also, to bring in the Holiday Season as only music can, we will host the Holiday POPS Concert at St. Michael's again this year. This concert will feature a 100-person choir, orchestra, and guest emcee Ron Elgas from NBC 5. Beginning at 7:00 p.m. this relaxing evening will include music we all know and love and associate with Christmas. Watch our website, www.st-mikes.org, to get your tickets.

Flyers with additional details about each of these initiatives have been passed along to the folks at the Triangle Center. If you are curious about any of our events or want more information about St. Michael in Old Town, please call our Parish Office at 312-642-2498 and ask for Toni Dunning.

The **18th DISTRICT** holds CAPS Meetings (Chicago Alternative Policing Strategy) for the **10 Sector** which includes Beats 1811, 1812, 1813 and 1814. These meetings are at the Old Town Triangle Center – 1765 N. North Park Avenue – on the second Thursday of every odd month. Mark your calendars for the next meeting on THURSDAY, NOVEMBER 14th at 7pm. Come meet your Beat Officer; discuss current crime trends and share ideas for problem-solving in our neighborhood. For more information, call the Precinct at 312-742-5870 or visit <http://ward43.org/2012/12/18/changes-to-18th-district-caps-meetings-for-2013>.

Don't forget to consider becoming a **COURT ADVOCATE**, a neighborhood volunteer who attends court hearings, an indication to the judge and attorneys that we will not tolerate crime in our neighborhood. Contact Officer Joe Incaprera (312-742-5778 direct) for more information. ✨

NEWS YOU CAN USE | What Is a "Hash Tag"

You may have seen or heard of a "hash tag" (a pound sign: #) being placed in front of a noun or phrase. Not sure what it means? Put simply, a hash tag is a universal way for people to categorize or "tag" their comments and opinions, especially within social media updates. First made popular by bloggers in 2009, hash tags make it easier to search for and identify content that contribute to a common topic or conversation. For example, if you search on Twitter.com for #Lost (hash tags are not case-sensitive), you'll get a list of tweets related to the TV show. What you won't get are tweets that say "I lost my phone yesterday" because "lost" isn't preceded by the hash tag.

More recently, hash tags have evolved into a colloquial expression, used in everyday conversations... such as "I just spent two hours on hold with the phone company! I am hash tag frustrated!". Still "lost"? Just try it yourself in your next tweet, or research some real-life examples the next time you go online. ✨

PHOTO GALLERY | Old Town Players

Photos and details taken of last month's pop-up display of theatrical memorabilia from the original "Old Town Players" group. In case you missed the display, please visit the Triangle office anytime to learn more about these intrepid thespians with roots in the historic Old Town Triangle neighborhood 🌟

PHOTO GALLERY | Photo Shoot At North Avenue Beach

On Friday, June 8, 2012, Fran Tuite and Simon Meredith, Triangle residents since 1995, bought a Silent Auction item at First Sight Friday Night at The Second City's UP Theatre – 4 hours use of any one of Burt Richmond & Diane Fitzgerald's vintage car collection, to use in any way they choose! Busy as we all are, it took 1 year + 3 months before the 1949 MG TC, Burt, Fran, Simon and their 3 dogs – Quincy, Lucy and Darby – made their way to North Avenue Beach for a photo shoot on Saturday, September 7, 2013 at 9:30am. Fran & Simon plan to use for their 2013 holiday greeting!

If you were like me growing up, you lived outside of town. Restaurants, shops, weren't easily accessible. Until I moved into the City of Chicago, I didn't realize the beauty of the neighborhood, and the benefits of having so many local merchants to walk to on the drop of a dime. As much as I yearn for the great outdoors and being away from everything, I've come to appreciate how much I have at my doorstep living in the Old Town Triangle.

One of the most well known (or un-known) secrets the Triangle, is its IBOT program. It's not your robot, or a product from Apple. It's the "I Buy Old Town" program. You have the opportunity to receive discounts from over 25 stores right here in Old Town. All you need to do is become a member of the Old Town Association, receive your IBOT loyalty card, and look for the following emblem for participating merchants.

We all hear about the "eat local", or sustainability movements out there, but we can do the same here in Old Town Triangle. How about "shop local"? The way I see it is it's a win/win for you & the Old Town Triangle. You can walk (not drive) to stores and save yourself the hassle of Chicago traffic and gas. You get exercise, fresh air, maybe even meet a new neighbor along the way. You get a discount. The stores obviously get more business, which keeps them around and keeps Old Town sustained. The stores also benefit by getting an intimate feel for their local, repeat customers which provides an opportunity to tailor their offerings accordingly. Below you will see a listing of the merchants that currently participate in the iBOT program:

Adelaide	Fudge Pot	Hot Dog Joint	Old Town Oil	Salon Rouge
Adobo Grill	Galeria Liquors	Nookies	Old Town Valet Cleaners	Sara Jane
Catering Chocolate	Kilwin's	Occhiali Eyeglasses	Red Orchid Theatre	Second City
Corcoran's	Marge's Still	Old Town Gardens	Rocco Ranalli's Cafe and Pizzeria	Spa at Xsport
Delightful Pasteries	Near North Animal Hospital	Twisted Baker	Hotel Lincoln	Thomas Master's Gallery
Finishing Touches	Tipre Hardware	UPS Store 333 West North	Greenheart Shop	Spice House

If you are interested in becoming an OTTA member, follow the directions found here: <http://www.oldtowntriangle.com/iBOT/memberinfo/index.html>. Are you a merchant looking to get on the IBOT map? Contact us to set up your program! Do you have a business without a storefront, but you're in Old Town? Contact us...**In the meantime, keep rocking it by shopping it.....LOCAL!** 🌟

NEWS YOU CAN USE | Pumpkin Carving Tips

Cut a Hole in the Pumpkin: The first step is hollowing out the pumpkin. Use a keyhole saw to cut the hole. If you'll be using a candle for illumination, you can cut the hole in the pumpkin's top (always put the candle in a high-sided glass, and never leave unattended). For electric lights, make the hole in the bottom or side so you can hide the cord.

Scoop Out the Flesh : Scoop out flesh, pulp, and seeds with a plaster scraper or fleshing tool..

Transfer Your Design: Now it's time to transfer your selected designs (use one of our pumpkin templates or draw your own). Affix it to the pumpkin, and trace the design by poking holes with a sharp awl, needle tool, or T-pin.

Carve the Features: Remove the template and carve along the pattern with a miniature saw or linoleum carving tool. If you want to make holes in the pumpkin for eyes, use a drill equipped with a 1/2-inch or 3/4-inch spade bit.

How to Light a Pumpkin: To illuminate a carved pumpkin, string lights are preferable to candles for most designs: Wrap a strand of 20 lights around a glass jar, and secure wires with tape. Cut a hole in the hollowed-out pumpkin for the cord, and place jar inside. Unplug lights before leaving the house or going to sleep. If using a candle, place it in a glass or votive holder, and cut a hole in the back of the pumpkin for ventilation (or leave the top off). Battery-operated candles are another good alternative.

TIP: PREVENT EXPOSED AREAS OF THE PUMPKIN'S FLESH FROM TURNING BROWN BY APPLYING A FILM OF VASELINE. 🍂

SUPPORT OLD TOWN! JOIN THE OTTA...

The Old Town Triangle Association invites your neighbors to join one of the most unique communities in Chicago. If you know anyone who is interested in becoming a memeber, please pass this along to them.

North of North Avenue, West of Clark and East of the former Ogden Avenue, The Old Town Triangle is one of the most celebrated Chicago neighborhoods.

Nestled inside its boundaries is a Historical Landmark District, where residents proudly retain the architectural standards dedicated to preserving the unique features of this small community, rebuilt after the Great Chicago Fire. Only St. Michael's Church's exterior survived, as wave after wave of residents built many current structures unique to the area.

It is this close-knit, but open community, we urge you to join and share in a classic Chicago living experience.

Besides the wonderful programming that makes up the core of the Old Town Triangle Association – the Art Gallery and art classes and the health and fitness classes. The Triangle is always expanding to meet the needs of association members.

Please complete the form below and drop off or mail to Old Town Triangle Association, 1763 N North Park Ave, Chicago IL 60614

OUR MISSION STATEMENT

THE OLD TOWN TRIANGLE ASSOCIATION IS A COMMUNITY-BASED, NOT-FOR-PROFIT ORGANIZATION DEDICATED TO ENHANCING THE QUALITY OF LIFE FOR RESIDENTS WHO LIVE IN AN AREA OF THE CITY OF CHICAGO BOUNDED BY NORTH AVENUE, CLARK STREET, AND THE GHOST OF OGDEN AVENUE ("THE TRIANGLE").

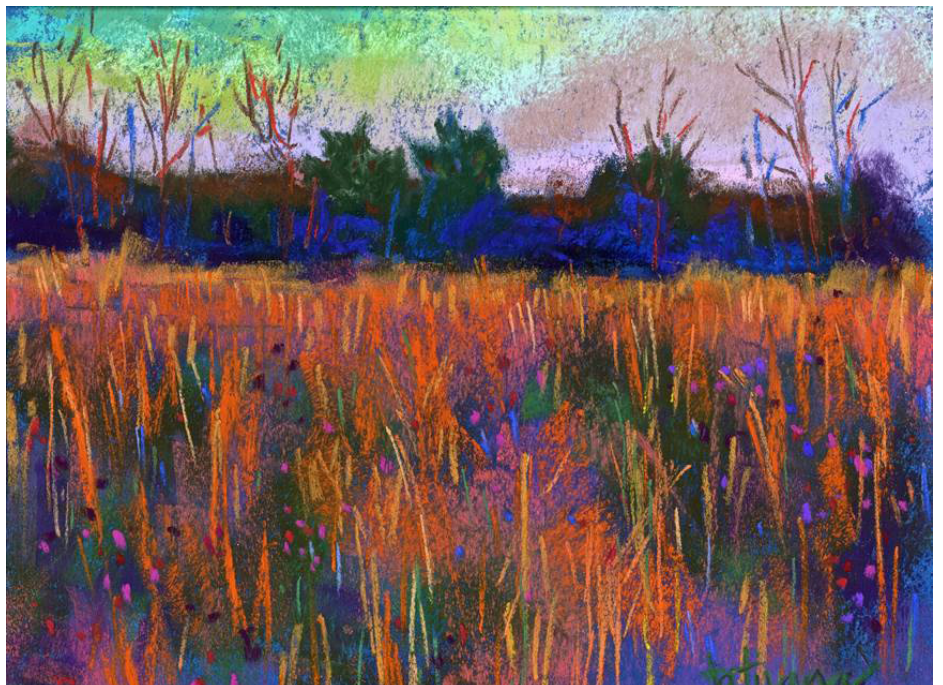

Jacenko & Sosenko Exhibit | "Friends in Art. Friends for Life." | December 6, 2013 - January 17, 2014

Maria and Tatjana have been friends since 1st grade. About 40 years ago they attended weekly art lessons together for several years.

In the summer of 2004, Maria talked Tatjana into attending a 2-day art workshop in pastel and watercolor. Pastels became the medium of choice for both of them. Their friendship has played an important part in their growth as artists and art has reinforced their friendship. Join us at the opening reception on Sunday, December 8th 2-5pm.

Winter Glow
